## SUMMARY

Motivated Junior Frontend Developer with a passion for building dynamic and user-friendly web applications. Proficient in React, Tailwind CSS, JavaScript, and frontend development tools, with experience in backend technologies like Node.js, Python, and Django. Experienced in using modern frontend frameworks and libraries to create responsive designs and improve user experience. Eager to contribute to impactful projects while continuously learning and enhancing technical skills.

## TECHNICAL SKILLS

**Languages:** HTML5, CSS3, JavaScript, TypeScript, Python.

**Frameworks/Libraries:** Django, React, Nextjs, Express, Bootstrap, Tailwind CSS,

**Databases:** MySQL, MongoDB.

**Tools:** REST API, Postman, MySQL Workbench, Git, GitHub, Mailjet, Mailtrap.

## TECHNICAL PROJECTS

### **TechNova – Software Services Website (React, Tailwind CSS) [Github](#) | [Live Demo](#)**

Developed a professional website for a software services company, incorporating sections like About Us, Services, and Contact. Utilized React and Tailwind CSS to create a fast, responsive, and user-friendly design. Integrated forms for contact and careers and focused on dynamic elements for improved user interaction.

### **TeamBase-Employee Management System(React, Tailwind CSS, TypeScript, Express, MongoDB) [Github](#) | [Live Demo](#)**

A full-stack web application for managing employee information. Features include user authentication (login/register), adding, editing, deleting, and searching employee records, as well as a contact form powered by Mailjet. Built with React and Tailwind CSS for a clean, responsive UI, TypeScript for type safety and better error handling, Express for building RESTful APIs, and MongoDB for efficient data storage

### **Portfolio Website – (Nextjs, Tailwind CSS, Typescript) [Github](#) | [Live Demo](#)**

A personal portfolio showcasing my projects, skills, and experience. Built with Next.js, Tailwind CSS, TypeScript and hosted on Vercel. With contact form powered by EmailJS.

## EDUCATION

**Full Stack Development Bootcamp** | AXSOS Academy | Palestine

**2024**

A part-time immersive training program focused on web fundamentals (HTML, CSS, JavaScript), Python, algorithms, and data structures. The bootcamp includes 20 weeks of programming with over 660 coding hours, including 50 hours pre-bootcamp preparation, 120 hours of web fundamentals, 240 hours of Python, 60 hours of algorithms and data structures, and 60 hours dedicated to two complete projects (Solo & Group). Learning material was provided in partnership with Coding Dojo

**An Najah National University** | Bachelor's in Accounting | Palestine

**2016 - 2020**

## PROFESSIONAL EXPERIENCE

**Salesman** | Samara Jewelry | Palestine

**2020 - 2023**

Experienced jewelry salesman skilled in providing exceptional customer service and driving sales. Proficient in assisting customers with product selection, managing inventory, and maintaining elegant displays.
